

AJAY SINGH ADHIKARI

Full Stack Developer | B.Tech CSE (2023–2027)

✉ ajayadhihari12a@gmail.com | ☎ +91 6395712341 | 🏠 Haldwani | GitHub: Ajay-Singh-Adhihari

EDUCATION

Bipin Tripathi Kumaon Institute of Technology

B.Tech, Computer Science & Engineering | 2023 – 2027

Beersheba Senior Secondary School (XII, CBSE) – 88.20%, 2023

Beersheba Senior Secondary School (X, CBSE) – 89.80%, 2021

TRAINING & CERTIFICATIONS

- ReactJs – Knowledge Gate (YouTube) | Jan–Apr 2025
- Bootstrap – Knowledge Gate (YouTube) | Jan 2025
- Tailwind CSS – Code With Harry (YouTube) | Jan 2025
- JavaScript – Knowledge Gate (YouTube) | Oct–Nov 2024

PROJECTS

Shoe Brand Website | GitHub ↗

Developed a fully functional e-commerce shoe store using ReactJS. Includes product listing, cart functionality, and intuitive navigation.

Myntra Clone | GitHub ↗

Cloned Myntra's UI/UX using ReactJS. Implemented cart management, item count, and simulated total bill logic with dummy backend.

Food Website | GitHub ↗

Built a food ordering website using ReactJS that filters dishes by meal type or keyword. Designed reusable components for scalability.

Crypto Tracker | GitHub ↗

Simulated live crypto tracking UI using random number updates with React, Redux, and Bootstrap. Color indicators show price trends.

Portfolio Website | GitHub ↗

Responsive portfolio built with HTML, CSS, and JS. Includes smooth animations, hover effects, and clean design for personal branding.

Gallery Website | GitHub ↗

Created a modern gallery website with categorized images, interactive UI, and responsive design using HTML, CSS, and JS.

SKILLS

Languages & Tools: HTML, CSS, JavaScript, React, Redux, Node.js, Tailwind CSS, Bootstrap, React Router

EXTRACURRICULAR

- Member of Antho-Committee in college fest 2024
- Participated in State Level Hackathon at Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun
